Dear Parents,

At this time I would ask for your assistance in alleviating the problems associated with dropping off and picking up students in the morning and at dismissal time. The increase in student enrollment and the lack of parking facilities to accommodate juniors has resulted in a significant increase in the number of parents driving their students to and from school. To that end we would ask that parents adhere to the following guidelines for the safety of all students and staff:

- No vehicles other than those with parking tags are permitted in the parking lot during arrival and dismissal time.
- Do not wait to be parked in front of the Thunderbird statue to drop off your passengers.
- The door nearest to the gym entrance is open during the morning to accommodate students. The distance between these two entrances is relatively short, so encourage your passengers to walk - its great exercise!
- It is important to keep the queue moving, so please pull up to the car in front of you before you stop to let your passengers out.
- After drop off, we encourage you to move into the left lane to make a quick exit.
- Do not pull into the parking lot to drop off passengers as it poses a safety hazard for those students and staff members who are actively parking their cars.
- Please give students and staff members the right of way when they are using the crosswalk.
- Students who are driving are not permitted in the driveway upon dismissal to pick up passengers. Staff and students should exit the parking lot using the southern exit only.

**Please remember that all numbered parking spots are assigned to staff members and senior students. Visitors are required to park in designated visitor spots located in the openings of the front row. Numbered parking spots should not be used by visitors between 7:00 a.m. and 2:20 p.m.**

Our building opens at 7:00 a.m. for student arrival. Students may report to the cafeteria where they can purchase breakfast, or the library for quiet study and reading. I appreciate all your efforts in assisting us to expedite the safe arrival and departure for our students and staff.

Sincerely,

John P. Pascale  
Principal
