

*Building Community.  
Enriching Lives.*

Dear Student,

On behalf of the Mahwah Public Library, we welcome you to a new school year!

The Library offers a wealth of programs and services designed just for teens such as

- Educational programs including special science and robotics workshops, arts & crafts, fun food activities, and much more
- Computers with the Internet and Microsoft Office to work on assignments or play games
- Online homework help, and essay review through Tutor.com
- A great selection of books, eBooks, graphic novels, music, movies and even popular video games

Students who are under the age of 18 are encouraged to have their parents register them for their own Library card. It opens the door to a wealth of resources available from Mahwah and all 77 libraries in the Bergen County Cooperative Library System. This can be done by applying for a card on our website, or in person at the checkout desk.

Best of all, the Inbetween Team is dedicated to helping you use and enjoy the Library in a friendly setting. The Inbetween, on the Library's lower level, is a great place to relax, meet up with friends, play games, enjoy programs and more in a high-energy setting. Those who want to quietly read, study or work on homework are welcome to use the main floor. Please note that Library staff expects you to make responsible decisions about how you use the Library after school.

We look forward to seeing you in the Library soon! Feel free to contact me directly if I can help in any way.

Sincerely,  
Denise Jukniewicz  
Teen Services Librarian
